THE STRIKE POSITION.

NO MORE WORKERS OUT.

To-day being Bank Holiday, it has been difficult to judge whether there has been any extension of the local strike so far as the European offices of the city are concerned. There were several instances reported yesterday afternoon in which office staffs who had received their pay as usual on the morning of the last day of the month failed to return to work in the afternoon. Whether this action was but a preliminary to a general exodus of office staffs is not yet known, because most of the offices in the City are closed to-day. Meanwhile it is officially reported that no other workers have come out to-day.

Helping Native Banks.
In order to tide the native banks of the Colony over the present extraordinary state of business affairs, a loan of \$6,000,000 has been arranged for on the part of the Hongkong and Shanghai Bank and the Chartered Bank of India, Australia and China, the Hongkong Government being in a consenting party to the arrangement.

It will be remembered that just before the strike actually broke out here something like a rumour was made on the Chinese Banks and that the Government eventually had to step in and save them by restricting withdrawals and permitting them to close if they so desired. With the resumption of banking business generally and with Chinese merchants trying to carry on as usual, the native banks are finding difficulty in furnishing enough liquid money for the requirements of their clients. As a consequence, the Hongkong Government was again approached to assist and, as a result of subsequent negotiations, the two British banks named above have agreed to advance the native banks cash sums up to six million dollars, on approved securities. The native banks have most of their funds tied up either in shares or property and to liquidate these securities now in order to provide cash for customers would be a proceeding attended with much loss. Hence, the loan has been arranged for, the banks being an advance of 40 per cent. on the worth of the securities deposited.

Only the purely Chinese banks are affected, the more important registered Chinese banking institutions not needing such assistance.

BETTER TRAM SERVICE.

We are informed by the General Manager of the Hongkong Tramway Company that, starting from tomorrow (Thursday) there will be a ten-minute service between the General Post Office and Causeway Bay, and also a ten-minute service between the General Post Office and Happy Valley.

This, as will be seen, is equivalent to a five-minute service from the Post Office eastwards.

NEWS FROM THE PORTS.

CANTON SITUATION EASING.

The following reports from the Naval Authorities on the general situation in the southern ports were received to-day:

Canton.

The situation is easing. It is proposed to hold demonstration on July 3rd. The ship strike is extending insofar as shipping is concerned.

Hollow.

Quiet. All women and children have left and there is no need for a ship to stand by.

Amoy.

Demonstrations passed off very quietly. A naval ship is not required.

Lieut. C. J. Yee, of the East Surreys, left for Home by the s.s. Malwa, for the purpose of attending a military course.

Captain E. S. Dicken, of the Army Dental Corps, has returned from temporary duty in North China.

CANTON GERMANS.

THE 'MERCHANT' LETTER.

We have received the following letter for publication:
Sir—A statement appeared in your yesterday's issue, said to be a reproduction from the *Canton Gazette*, a statement saying nothing and meaning much, in the writer's opinion, whoever the person, who signed himself or herself "German Merchants of Tungshan" may be.

It is a silly piece of verbiage and is certainly not coming from the German merchants of Tungshan. An investigation is now being made by the proper authorities and the mystery of the matter will soon be cleared up.

Needless to say, every German takes strong exception to the manner of this effusion.—Yours, etc.

A. SCHUBERT.

Hongkong, June 30th, 1925.

CHINESE EMPLOYEES.

A REGISTRATION SUGGESTION.

We have received the following letter for publication:

Sir—It would appear that the present is an opportune time in which to introduce the much discussed scheme re Registration of Chinese employees.

In my opinion, the Chinese who have remained at work during these strike days should be given certificates to that effect; they could then be automatically registered. Hereafter, all Chinese employed in this Colony should be required to register and go through such formalities as seem necessary.

No Chinese should be allowed to return to the Colony without registering, and it would be unlawful for any person to employ, or re-employ, any Chinese unless he produce a proper Government registration certificate. In the same manner, each Chinese would be required to produce his certificate, when called upon, at his place of employment.

The present seems to be most suitable for this purpose, as there can be no strike in protest, and it is most unlikely that the present trouble would be prolonged in consequence.—Yours etc.

ROLAND M. DAVISON.

CANTON CHRISTIAN COLLEGE.

THE SHAMEEN RESOLUTION.

We have received the following letter for publication:

Sir—I was most astounded to read in last night's *Telegraph* that the American signatories to the Canton Christian College resolution on the Shameen affair are adhering to the opinions expressed therein. So far, it appears, the only member of the staff of that College who had the pluck to alter his judgment after hearing both sides of the story is Dr. Baxter, who had to bear the whole brunt of the affair here.

If it really is the attitude of the American staff members that they must defend the Chinese, right or wrong, so that they may keep their jobs, all I can say is that this reflects a code of honour which is no credit to them. In any case, what call was there for these teachers to pass judgment on an affair of which they were admittedly not eye-witnesses? But if they felt that they must say something, why did they not wait to hear both sides before damning the Shameen authorities? Had they been in the line of fire, instead of safely tucked away on Honan Island, they would most likely have taken up a very different attitude from that of letting foreigners down in the eyes of the Chinese.

Another point, sir, if these Americans still stand by their published opinions, why have they the temerity to come to the British Colony of Hongkong and thrust themselves upon our hospitality at a time like the present? If they have so much faith in the Chinese, why do they not stay among them? Personally, I con-

COLONIAL AFFAIRS.

Appointment Of Secretaries.

London, June 30.

Brigadier General Sir Samuel Wilson, who has just returned from Jamaica, has been appointed Permanent Under Secretary for the Colonies.

Sir Gilbert Grindle will be his deputy.

Sir Charles Davis has been made Permanent Under Secretary for Dominion Affairs.—*Reuter*.

General Sir Samuel Wilson, K.C.M.G., K.B.E., C.B., has been appointed General and Governor-in-Chief of Jamaica since 1924, and is 52 years of age. After service in the Great War, he held his first Colonial appointment as Governor and Commander-in-Chief, Trinidad and Tobago, from 1921 to 1924. He served with distinction in the South African campaign and in the late war, his decorations including three French and one Belgian honour. He was mentioned in despatches seven times.

Sir Gilbert Grindle, K.C.M.G., C.B., has been Assistant Under Secretary of State at the Colonial Office since 1913, and is 56 years of age. He was trained as a Barrister, and entered the Colonial Office in 1896.

Sir Charles Davis, K.C.M.G., who is 52, entered the Colonial Office in 1897, and has been Assistant Under Secretary of State for the Colonies since 1921.

THE UNREST IN CHINA.

LORD BIRKENHEAD'S VIEWS.

London, June 30.

Speaking at the annual dinner of the Central Asian Society, Lord Birkenhead referred to the position in China, where it was found that students were unaccountably neglecting the immortal learning of Confucius and reading the columns of English newspapers. The principal enemies of the Empire, whether in China, Egypt and India were, the students, who were most certain that the Empire was doomed and damned and that they were the proper instruments of its immediate dissolution. China was the happy hunting ground of Bolsheviks. China's development and the part to be played in the extrication of China from her present dilemmas by Britain, the United States, Japan and the European nations required the most careful attention of everyone who was familiar with China's problems.—*Reuter*.

HONESTY.

Hongkong, July 1st, 1925.

Dr. Baxter Absolved.

It will be recalled that Dr. Alex. Baxter, Vice-President of the College, repudiated the resolutions. Dr. Baxter now forwards for publication a letter which he has received, as follows:

Dear Mr. Baxter—May I say that your published statement implying some measure of responsibility for the resolutions passed by the Americans at the Canton Christian College, June 24th, and published in the papers as such, must have been due to some confusion as to the various meetings held and documents drawn up.

These resolutions were those of the American staff and were drawn up and passed at a meeting held just after you had left the grounds. They should therefore in no way involve you.

I should like to add that the Americans at that meeting did not know that their own nationals, the American marines, were not responsible for a full share of the fighting. At that time we supposed that they most probably were, but we had no idea that the British would afterwards be singled out as the responsible parties. I still see no reason for that development since other nationals were involved.—Yours sincerely,

(Sgd.) H. B. GRAYBILL.

Hongkong, June 27, 1925.

NEWS FROM SHAMEEN.

THE SITUATION QUIET.

(Our Own Correspondent).

Shameen, June 30.

The situation here at present is quiet. There is a big procession due to take place to-day, but it is doubted if it will pass Shameen. Dr. C. C. Wu states that it will not. The defences of the island are now complete, and everybody is fit and O. K.

BRITAIN AND INDIA.

LORD BIRKENHEAD'S PRONOUNCEMENT.

London, June 30.

Speaking at the dinner of the Central Asian Society, Lord Birkenhead made a brief reference to India and declared emphatically that Britain must continue to sustain exclusive responsibility for the protection of India. We must never close our eyes to the realities of a situation which might easily be rendered dangerous. The fundamental fact of the Indian situation is that we went to India centuries ago, composing with the sharp edge of the sword differences which would have submerged and destroyed Indian civilization. We went there on that basis and we hold it by that charter, and it is true to say to-day that if we left India to-morrow it would be submerged by the same anarchical and murderous disturbances as in the days of Clive. No man was entitled to speak as a representative of Britain and a momentary trustee of India, whether Liberal or Conservative, who would find himself in a position in which it was possible for him to liquidate the obligations of history with honour.—(Cheers).—*Reuter*.

FRANCE AND MOROCCO.

BIG OFFENSIVE NECESSARY.

Paris, June 30.

The *Fez* correspondent of the *Temps* estimates that Abd-el-Krim lost a thousand killed and three thousand wounded in the recent offensive, in which he evidently sought to strike a decisive blow regardless of the cost.

A Marseilles message states that the Parliamentary mission of investigation has returned from Morocco. The leader, interviewed, said the situation had been critical and remained serious. An immediate bold offensive was necessary in order to save French prestige with the tribesmen. The movement of troops would be impossible after the advent of the rains in October.—*Reuter*.

COTTON INTERESTS.

EFFECT OF CHINA TROUBLE.

London, June 30.

In the House of Commons, replying to Mr. P. J. Hannon, who drew attention to the serious effect of the disturbances in China upon the Lancashire cotton industry, Mr. A. M. Samuel said the Government would of course take any steps in their power to safeguard these and other British interests.—*Reuter*.

Shorter Hours.

London, June 30.

Over 84 per cent. of the spinners of American cotton have given the undertaking asked for by the Federation of Cotton Spinners Associations, to reduce their hours by 3 1/2 weekly.

It is stated that the owners of two million spinners outside the federation have also signified their willingness to carry out the undertaking.

The new hours will operate from July 6th.—*Reuter*.

In the Garrison League, "A" Co. East Surreys have defeated "D" Co. by 61 games to 38, whilst "R. E. B." beat Small Units by 70 games to 29.

P. AND O. BANK.

A MATTER OF PRUDENCE.

London, June 30.

The net profit of the P. and O. Banking Corporation for the year ended March 31st, 1925, is £136,215.

It is proposed to pay a dividend of five per cent. and to carry forward £17,584. In connection with placing £25,000 to reserve and writing off £5,000 from the premises, it is noted that these increases have doubtless been made as a matter of prudence, in view of the unsettled conditions in the Far East.—*Reuter*.

HOME CRICKET.

Playing at Derby, Derby defeated Derby by five wickets. Derby batted first and scored 154, B. Hillwood scoring 61, and Cornwallis taking five wickets for 56 runs. ITALY'S DEBT.

HEAVY INCOME TAX.

Washington, June 30.

Further conferences for the funding of the Italian War Debt has been indefinitely postponed. Signor Alberti is immediately proceeding to Rome. An Italian statement has been issued in which Signor Alberti contends that the fiscal pressure in Italy is relatively higher than in other countries. Italy's national income is taxed sixteen times greater than the United States and Italy's post-war expenditure on the Army and Navy, reckoned in gold, is less than before the war.—*Reuter's American Service*.

WIMBLEDON TENNIS.

THREE FRENCH SEMI-FINALISTS.

London, June 30.

Though rather on the warm side, the weather at Wimbledon to-day was perfect, and this was reflected in the pageant of colour on the ground. All the most fashionable dress styles of the season were to be seen passing from court to court.

Jean Borotra, the holder of the Open Singles Championship, entered the semi-final stage by defeating the young Oxonian, Barclay, by three sets to one. Borotra began very shakily, and netting frequently allowed Barclay to gain a 3-0 lead. The champion improved considerably, however, and carried off the next six games for set. Barclay, by wonderful placing, won the second at 7-5, and lost the next set after many hard-fought rallies. Borotra won the third 6-3 and had gained the advantage in the final set when Barclay decided to come up to the net and with excellent smashing he drew level at three all. Thereafter the Frenchman was irresistible and he took the next three games for set and match.

J. O. Anderson, the Australian, beat H. Fisher, rather easily in three straight sets. He allowed the Englishman to make mistakes with his approach and he displayed a rapier-like forehand drive which often had Fisher in difficulties. In the final stages his ball control was of outstanding merit and his cross court driving was brilliant. He won 6-1, 6-1, 6-4.

Lacoste beat Jacob, the Indian Davis Cup player, at his own game, a long base-line duel materialising. The Indian was a master of style and he stroked with beautiful rhythm, while his forehand driving to the corners was most accurate. The Frenchman mastered him in the long rallies, his hitting being more powerful, and he passed him at the net whenever he came up. Lacoste, whose playing throughout was magnificent, won 6-8, 6-8, 6-0, 6-4.

America's last hope went down before the importable Cochet, though Hennessey took the first two sets. Cochet led 5-2 in the first, but Hennessey redeemed a poor start and with accurate and hard driving squared at 7-7. Deuce was thrice called before the American secured the decisive point.

Twice in the second, Hennessey was within a point of winning at 6-3, but Cochet pulled up to 6-4, only to see Hennessey carry off the next game for set. In the third, Hennessey lost his service game on two successive occasions, the Frenchman outdriving him and finding the side-lines consistently. Cochet played a careful base-line game and won at 6-1. In the fourth, Cochet carried the attack to the net, and in the final set Hennessey beat himself by overdriving. The Frenchman won 7-9, 4-6, 6-1, 6-3, 6-0.

In the semi-finals, Borotra meets Cochet, and Anderson meets Lacoste.

The Frenchmen continued their march of conquest in the Doubles. Borotra and Lacoste defeating L. A. Godfree and J. H. P. Wheatley after a thrilling game. The score was 6-2, 9-7, 10-8. Also in the third round, the Italo-Hungarian pair, De Morspurgo and De Kehring, eliminated the Americans, Rice and Garland, after losing the first set, by 6-3, 6-4, 7-5, 6-2.

In the fourth round of the Women's Doubles, Mlle. Suzanne Lenglen and Miss Ryan entered the semi-final by defeating the Australian pair, Miss Boyd and Mrs. Utz, 6-0, 6-2.—*Reuter*.

FLIGHT ROUND FRANCE.

MAJOR DOISY'S SUCCESS.

Paris, June 30.

Major Pelletier Doisy (who last year flew from France to Tokyo) has won the Michelin Cup, having made a circuit of France from Valenciennes, a distance of 2,935 kilometres. His speed, counting fifteen compulsory landings, worked out at 187 kilometres per hour.—*Reuter*.

CURRENT COMMENT.

If our correspondent "Disguised" had been reasonably moderate in his choice of language when he wrote complaining that a great many of our visitors from Canton and other parts of China are just looting and doing nothing to help, he might have seen his letter in print. The gist of his complaint is that Hongkong is now housing and feeding numbers of able-bodied men down from Canton and up-country (missionary and commercial) who are accepting the hospitality of the Colony without, presumably, contributing to its essential services, and while he would hesitate to say that this is so, it would be interesting to know just how these visitors of ours are helping. It is true that at almost any part of the day numbers of idle men can be seen in the Hongkong Hotel and it must also be true that very many missionary workers who would normally be in the city are now here with nothing to do. Far be it from me to offer any gratuitous insults to any of our visitors or to appear other than pleased that Hongkong provides them with a safe sanctuary, but it is up to them, we think, to become thoroughly a part of us for the time being, to share in our burdens and to contribute their quota to the requisite voluntary services. The Labour Controller, or the Police would, we are sure, be glad to hear of any whose whole time could be placed at the authorities' disposal.

One of the most interesting features of the Canton propaganda, as given officially in the *Canton Gazette*, has been the attempted embroiling of several foreign nations in a dispute among themselves, by which, apparently, the Chinese mentors hope to occlude the real issues, and furnish further material for their depictions of mind-poison. We can understand with what gleeful letter signed by members of the staff of the Canton Christian College must have been seized upon, and how much it must have been turned to the advantage of the party which is directing operations. That document must have done a great deal of harm, but its possible effects need not be discussed here. The letter alleged to be a unanimous expression of opinion by German merchant residents at Tungshan, practically repudiated by all the responsible people of German nationality here, some of whom were recently at Canton, is another instance of the same form of inter-racial propaganda. The mischief about it is that however much it might be contradicted here, the Canton authorities, and their Soviet dictators, take care that the "corrections" never get to Chinese ears, or before Chinese eyes. It may be that truth will usually prevail; but in the case of the Canton factory the truth will probably never have a chance of making itself apparent amid the choking veils which the propagandists have sown.

When the history of the strike comes to be written, and strikes presuming that nothing occurs to bring them "out" as well, two classes of our most humble toilers will always be remembered for the boon they have been to the harassed community. We refer to the rich and chair coolies on the one hand and the sampan people on the other. It would indeed be a bigger burden were we to have to foot-slog the whole time and every time, and with the present irregular ferry service across the harbour, the absence of sampans would not permit the belated person to get home in the wee small hours, as at present. The average fare for a boat across the harbour appears to be a dollar, which is not excessive when a whole family is waked up at, say, 1 a.m. and has to row back again. It is another proof of the unpopularity of the strike that these simple folk continue "as before," presumably accepting any changes they see about them as part and parcel of their existence in a land of contrasts. It would be a pity indeed were these toilers also drawn into the vortex of an aimless and inconclusive movement.

SHIPPING BOARD BOATS.

BIDS FOR TWO HUNDRED.

Washington, June 30.—Twenty bids were received at the sale of 200 Shipping Board vessels aggregating \$17,000,000. The bids included one of \$1,370,000. The vessels are being sold for scrapping.—*Reuter's American Service.*

THE CHINESE DISTURBANCES.

The Powers United.

Peking, June 30.—In reference to the comments of the *Daily Telegraph's* diplomatic correspondent, it is authoritatively stated that the insinuation contained therein, namely that British and Japanese representatives are being excluded owing to lack of solidarity among the representatives of the interested powers in Peking, is entirely erroneous. It is pointed out that the heads of the Legations obviously cannot negotiate in a body and must delegate that duty to a few of their members. It is equally obvious that no decision can be reached without the consent of all the heads of the Legations. It is emphasised that at no period has the solidarity of the powers been more clearly demonstrated than at the present time.—*Reuter.*

BOLSHEVIK PROPAGANDA.

WELCOME ACTION IN TIENTSIN.

A Hundred Arrests.

Tientsin, June 30.—The Tupan of Chihli, Li Ching-lin's, troops have rounded up many local communists. Nearly a hundred arrests were made, principally in the ex-Russian and ex-German Concessions. Among those arrested were five servants of the Soviet Consulate. The Soviet Consul has protested but without avail, the authorities alleging that the prisoners were indulging in subversive Bolshevist activities. They state that they are determined to stop such propaganda in a time of national stress.—*Reuter's Pacific Service.*

EARTHQUAKE.

30,000 HOMELESS.

Santa Barbara June 30.—The work of clearing away the wreckage is proceeding apace although shocks continue to occur. The principal business thoroughfare is a mass of battered brick and twisted steel. Soldiers, sailors and volunteers patrolled the streets all night long to prevent looting. The prison wall crumbled and the inmates escaped. Thirty thousand inhabitants are stoically accepting homelessness and many are encamped on the lawns in front of the demolished houses. A freakish effect was produced in the new California Hotel, the outer walls of which leaned gradually and collapsed the leaving occupants lying safely in their beds.—*Reuter.*

GARAGE FIRE.

TWO CARS SEVERELY DAMAGED.

Central Fire Station received a call at 2.15 yesterday afternoon to attend an outbreak at 267, Queen's Road East, the premises involved being a garage beneath a tenement building. Appliances were despatched from both Wanchai and Central Stations and were put into action before any serious damage resulted. The blaze was extinguished by the use of one hydrant and the stop signal was sent through seven minutes after the call was received. Two cars were severely damaged by fire, the cause of which is presumed to be due to insufficient precaution being observed while filling up with petrol.

THE CHINA STATION.

RECENT APPOINTMENTS.

The following appointments were made by the Admiralty on May 29: Mr. E. Podger, D. B. Shaw, R. R. Main, W. O. Bradbury, J. R. Bryans, and R. H. Stephenson, to Hawkins. The following appointment was made by the Admiralty on May 29: Gunner (R) G. O. Starr, to Hawkins (June 10). Mr. M. S. Wymouth, well known as the China Station as the relief ship, is under refit at Chatham until the end of June.

SINGAPORE TRIALS.

ATTEMPTED MURDER BY CHINESE.

(Our Own Correspondent.)

Singapore, June 30.—Goh Hood-kat, a well-known member of the Chinese community, has been charged with the attempted murder of Boon Yong-soo by shooting at him with an automatic at the Chinese Swimming Club. It appears that the complainant and his wife went to the swimming club in company with Kiat to settle certain differences. In the course of conversation the complainant tried to throttle his wife whereon Kiat fired at him and so injured him that he had to be sent to hospital. Bail of \$10,000 was allowed and the trial adjourned.

THE WATER SUPPLY.

GOVERNMENT CONSIDERING THE QUESTION.

Sanitary Board Meeting.

Mr. N. L. Smith, the Chairman of the Sanitary Board, at yesterday's meeting said that Dr. Macgown had asked for information with regard to the steps taken to remedy the defects of our water supply. He (the Chairman) promised some time ago that he would go into the whole question with the Government and he did so at considerable length some time ago. He had hoped that he would have had a reply to lay before the Board that day. Perhaps within a fortnight, when things get quieter, he might be in a position to make a statement on the subject. The whole question obviously needed very careful consideration.

CHINESE STUDENTS IN GERMANY.

FORCE THE HANDS OF MINISTER TO BERLIN.

Demand That General Hsu Leave Germany.

Berlin, June 30.—A deputation of Chinese student residents visited the Chinese Minister, Wei Sun-tzu and induced him to sign a document whereby the envoy is responsible with his life that General Hsu, the head of the Chinese Mission to Europe shall buy no munitions in Germany, shall not conclude any loan or make any other agreements injurious to China. It is also demanded that Hsu shall immediately leave Germany.

Wei Sun-tzu protested to the Foreign Office against the arrest of several Chinese students who attended a Communist meeting to protest against events in China but who were speedily released. The Minister demanded the dismissal of the police officer responsible and an official apology by the German Government and compensation to the arrested students.—*Reuter.*

TURKISH EXECUTIONS.

KURDISH REVOLUTIONISTS HANGED.

Constantinople, June 30.—Those sentenced to death in connection with the recent Kurdish revolt—the ringleader, Sheikh Said, and forty-six of his supporters—were hanged in the public square at Diabekir amid the applause of the crowd who helped to adjust and pull the gallows ropes.—*Reuter.*

VOLUNTEER'S ACCIDENT.

CRASH ON THE WONGNEI-CHONG ROAD.

Information was received last evening of an accident which befel two members of the Motor Cycle Detachment of the Hongkong Volunteer Defence Corps. Both were engaged on special duty in connection with the prevailing system of patrols, when turning into the Wongneichong Road above Repulse Bay they crashed into a car at an awkward bend.

The Volunteers were Mr. E. J. Spradbury of the Hongkong Rope Co., and Mr. Perry of the Hongkong and Shanghai Bank. Luckily the accident was without serious consequences, Mr. Spradbury receiving a slight lacerated wound on the right thigh and Mr. Perry a contusion of the hand. After self-administered first aid both were able to return to their homes when a report had been made to Headquarters.

NAVAL SABOTAGE.

DAMAGE ON DUTCH CRUISER.

Amsterdam, June 30.—A report from Flushing tells of a mysterious case of sabotage aboard the new Dutch cruiser Java. The breach blocks of the guns were removed and thrown overboard, and the rifle bands, and fire hose pipes severed. The police arrested a marine suspected of being concerned.

DUTCH LABOUR TROUBLES.

LOCKOUT IN BUILDING TRADE.

Amsterdam, June 30.—Building in Amsterdam is at a standstill owing to the lockout of 2,000 building workers in consequence of a wage dispute.—*Reuter.*

The Canton Gazette publishes a resolution of sympathy with the Chinese in connection with the Shamen affair, said to have been adopted by citizens of the Union of Soviet Socialists residing in Canton.

The Empress of Asia left yesterday for Vancouver, via Shanghai and Japan ports, with a complete crew in every department. Indeed, the Company states that a better crew has never sailed out of Hongkong.
